

UKRAINIAN PRISONERS AT AUSCHWITZ/BIRKENAU

(listed as Ukrainians in documents or born in Ukraine)**

September 2026

**The author has attempted to identify Ukrainian men and women from the various documents in the references, below. Only individuals who self-identified as being Ukrainian, or those who were born within the 'accepted' territories of Ukraine, were included (many from western Ukraine were listed as Polish, those from eastern Ukraine as Russian and some from Zakarpattia as Chechs or Hungarian).

In total, almost 120,000 prisoners from Ukraine passed through Auschwitz; 86,000 of them were Transcarpathian Jews

(Ref #18: <https://www.ukrainer.net/en/ukrainian-prisoners-of-auschwitz/>)

Information differed depending on the source/reference - the author has attempted to be as accurate as possible in this database, given the challenges and limitations.

This database is continuously being updated, so we encourage individuals to contact UCRDC if they are aware of names, or additional information, of individuals who were incarcerated at this concentration camp.
